04 — NEWSBRIEF

Quick hits

1 **More households are growing herbs on the windowsill to cut grocery bills.**
Basil and mint are the favourites. Survival rates, gardeners admit, are 'mixed' — the basil rarely makes it past a fortnight.

2 **Swimming in the sea and lakes — 'wild swimming' — keeps growing in popularity year-round.**
Enthusiasts swear by the cold-water buzz. Newcomers are advised to start gently, and that the gasp on entry is completely normal.

3 **Charity shops are reporting a surge in both donations and shoppers as 'pre-loved' goes mainstream.**
Younger shoppers in particular are hunting for one-off finds. Volunteers say the most donated item by a mile is the unworn 'someday' outfit.

4 **Jigsaw puzzles are still selling in huge numbers, years after their lockdown boom.**
1,000-piece designs are the sweet spot. The most dreaded puzzle remains anything that's mostly sky.

5 **Almost 70% of UK households now have a smart speaker — but the most common use is still 'asking what time it is'.**
Researchers say we under-use the devices we own. Setting timers, playing music and weather queries make up two thirds of all commands.

6 **A study says the average person walks past their phone over 50 times a day without picking it up.**
Researchers reckon just seeing it nearby is enough reassurance. The phone, meanwhile, remains entirely unbothered.

7 **Allotment waiting lists have hit record highs across the UK.**
Councils in some areas now quote waits of several years. The most-grown first crop for beginners? Courgettes — closely followed by regret, as they produce far too many.

TALK TOPIC

- **Researchers say the average commute is the time we do our best thinking.**
  What have you decided, planned or solved on the way to work?

TRUE STORY OR JACKANORY — LISTENERS GUESS

FACT **UK News.** A council in the North-West has agreed to fix a much-complained-about pothole only after a resident planted a small tree in it and the photo went viral. The pothole had been reported 17 times in a year before the tree solved it overnight.

FICTION **Made up, but believable.** A Devon village has voted unanimously to ban Vinted couriers from parking on its narrow high street, after a single delivery driver knocked over the same pub's hanging basket three weeks in a row.
